

A RETIRED BUSINESS WOMAN.

A Page From Her History.

The important experiences of others are interesting. The following is no exception: "I had been troubled with heart disease 35 years, much of that time very seriously. For five years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not done for months, and my limbs had been swollen so long that they seemed almost putrified. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are taking this valuable remedy."—Mrs. Morgan, 509 W. Harrison St., Chicago, Ill.

Dr. Miles' New Heart Cure, a discovery of an eminent specialist in heart disease, is sold by all druggists on a positive guarantee, or sent by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from all opiates or dangerous drugs.

Sold by all Druggists.

PRINCETON AND PENNSYLVANIA.

Personnel of Two of the Crack College Base-
ball Teams This Year.

The Princeton college baseball nine this year is captained by C. S. Mackenzie, who is not only a very clever baseball and foot-
ball player, but a care-
ful, conscientious stu-
dent. He made a bril-
liant record on his
freshman nine and
was on the varsity
team during his sec-
ond year in college.
He is an excellent left
fielder and has perfect

C. S. MACKENZIE, control over his men. The veteran Phil King is at second base. Trenchard plays well in center field. Brooks is a model short-stop, and in Altman, Bradley, Forsyth and Hitzert Charles Hollister. Princeton has an array of pitching talent which is very formidable. Williams does well as catcher. Otto is a clever first base-
man, and Bradley and Ward cover right field and third base in good style. Altogether the team is the best that has represented "Old Nassau" since 1901.

The University of Pennsylvania team is playing good ball this year. In a recent game with the Philadelphia League club the varsity boys won handily by a score of 13 to 8. The Pennsylvania pitchers, Dickson and Schoenhut, did very creditable work and held the League men down to five hits. The team is captained by Charles Hollister, a medical student. He played third base last year, but is now at short-stop. He is an extremely hard and safe batter, runs bases well and is a steady fielder of average college ability. Coogan as catcher, Thomas, Reese and Blair in the outfield and Contrell, Goeckle and Blakely on the bases all do very good work.

GREENROOM GOSSIP.

Charming Annie Russell, the elder sister of the erstwhile infant prodigy, Tommy Russell, will return to the stage next season as a member of Charles Frohman's stock company. Miss Russell has been an invalid for several years.

"Cluquette," a new comic opera by two Germans, will be produced shortly at the Bijou theater, New York city. Louise Beaudet will be the star.

It is rumored that Eugene Cowles, the famous bass of the Bostonians, is anxious to secure a light opera with a suitable star role for himself.

C. T. Dazey has written the libretto and Oscar Weil has composed the music of an opera which the Bostonians may produce at the beginning of their next season in New York.

There will be more summer opera companies this year than ever before in the history of the American stage.

Miss Melba will attempt a concert tour of this country next year under the management of Abbey Schoeffel & Grau.

The newspaper attacks made upon Adeline Patti since she sailed for Europe are nothing short of scandalous. It is not impossible that the real animus of these articles may be given to the world before long, in which case there will be some mighty spicy and surprising reading.

When M. B. Curtis decided to return to the stage a short time ago, he was overwhelmed with authors who had plays which would "fit him from the ground up," but he decided to stick to "Sam'l of Posen," in which he had made a fortune.

The Patrol Judge Scheme as Roby.

A new system of receiving information from patrol judges is to be instituted at the Roby track, near Chicago. At various positions along the course patrol boxes are to be erected much the same as the police patrol stations in the cities, says The Horseman. Each will be provided with telephones, communication with which will be direct to the judges' stand. Each box will be large enough to contain the patrol judge, and immediately after the conclusion of a race he can send his report to the judges without personal attendance at the stand.

In addition each of these men is to be supplied with a field glass, through which he may observe the race from start to finish, and being stationary, with only a comparatively short distance of the track to watch over, he will be able to give much more accurate information than if seated on a galloping horse, as has hitherto been the custom. By this means the telephone messages will do away with much objectionable delay and will generally expedite matters, and the protection afforded will more than counterbalance the outlay. Properly conducted, this scheme will be a real improvement in the management of a race track.

Remarkable Cross Country Running.

The most sensational championship in the history of Irish cross country sport took place over the Clonskeagh course, near Dublin, recently and resulted in a tie between the two leading teams. Another unique feature of the five mile contest was that the first 10 men past the post all broke the previous best record of 34 minutes 55 seconds, made by Champion Frank Nunns over Baldoyle course in 1894. J. J. Mullen, Elysian harriers, was the hero of the race. He bounded to the front when the pistol cracked, and drawing away at every stride reeled off the six accurately surveyed miles in 32 minutes 49 1/5 seconds. His team aggregated 51 points, but the Belfast harriers fought out the issue so keenly that their score made precisely the same total. The northern cracks showed exceptional team training. J. Small carried their colors into second place 57 1/5 seconds behind the winner, while J. McIlvenny, last year's champion, ran fourth.

How Peter Jackson Lost a Prodigy.

While in St. Louis recently Peter Jackson and "Parson" Davies discovered a dancing prodigy in the person of a diminutive black skinned boy. Davies put the wonder on as an additional feature of his play, and the boy's dancing captured the gallery gods before he had struck half a dozen steps. The astute "Parson" hastened to get the boy under contract and star him as the dancing marvel of the age. A new suit of clothes and a \$5 bill had the desired effect. The next thing in order was a bath for the newly found attraction. He was hustled to a barber shop, but vehemently protested against taking the plunge: "Ize willin to stick to de show business boss, but I ain't gwine ter take no bath." All argument failed, and the company quitted St. Louis minus the youth who was to astonish the natives by his wonderful dances.

FINANCE AND COMMERCE.

New York Stock Market.

NEW YORK, May 10.—Lower cables from London, the poor exhibits of earnings by St. Paul for the first week of May, and the Illinois Central for April, the demoralization of February at the West and a belief that at least \$1,500,000 gold would be shipped to Europe on Saturday, all contributed to a weak opening for stocks to-day. The decline, however, was surprisingly small, in view of the unfavorable factors mentioned and was much commented upon in stock circles. Louisville and Nashville and Illinois Central, which scored the greatest losses among the railways, declined a point each to 46 1/2 and 43 respectively. General Electric was the weak spot in the industrials and dropped 1 1/2.

The other issues varied only fractionally either way and the trading was light. The rates borrowers had to pay for Lake Shore, and other active issues created a little nervousness among the shorts, and, when it became evident that the comparative heaviness of Louisville and Nashville and General Electric was without influence on the general list, a movement to cover set in, which gathered force as the day advanced. The nervousness became quite pronounced in American Sugar in the last hour, and, in their activity to get back their stock, the bears bid up the price of their certificates.

The stock opened at 104 1/2 and then rose to 107 1/2, with a reaction at the close to 107 1/2. Chicago Gas moved up 1 1/2 to 64 1/2 on Western advices that the company had asked to have the quo warranto case transferred to the Federal courts. This move on the part of the company forced the small shorts into covering. General Electric, after its early decline, rose to 36 1/2; Lead was also in request and sold up to 40, while Tobacco gained 1 1/2 per cent., rising to 86 1/2.

The railway list displayed considerable strength late in the day and especially the Grangers, which were affected by rumors that the Government crop report due after the close of business would be favorable. Northwest was strengthened by semi-official statements that during the past ten months the company had earned its full dividend for the year. The stock advanced 1 1/2, Burlington and Quinor, 1/2; St. Paul, 1/2; Rock Island, 1/2; Lake Shore 1 and the other leading stocks 1/2 to 1 per cent.

Near the close the demand from the bears abated somewhat, and prices yielded 1/2 to 1 per cent. The market left off steady at the reaction. Net gains for the day ranged from 1/2 to 3/4 per cent., with Sugar in the lead. Total transactions were 162,255 shares, of which 57,500 were Sugar, 19,500 General Electric and 10,300 Chicago Gas. Railway and miscellaneous bonds were higher. Sales: Listed stocks, 98,000 shares; unlisted, 65,000. Treasury balances: Gold, \$97,553,000; currency, \$52,836,000.

Produce and Merchandise.

NEW YORK, May 10.—Flour dull, prices weak; winter wheat, low grades, 1.90@2.50; patents, 3.10@3.30; Minnesota clear, 2.25@2.75; patents, 3.25@4.15; low extras, 1.90@2.50. Freights to Liverpool dull, depressed; cotton, 3-32d; grain, 1d.

It Should Be in Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cookeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at Christain & Barbee's. Large bottles, 50 cents and \$1.00.

Worth Knowing

MANY thousands people found a friend in Aunt Fanny's Health Restorer. Business and Residence Property for Rent.

- A large quantity of Farming, Mineral and Timber Lands throughout the State. Full particulars furnished upon application.
- Special attention given to the management of properties of non residents.

Now is the time to invest in

ROANOKE CITY PROPERTY.

The City of Roanoke to-day is on as firm a foundation as any city in the Union.

During the long business depression, which closed banks and industries all over the land,

ROANOKE'S ADVANCEMENT

Has been a subject of most favorable comment. Not a bank failure—not a manufacturing establishment closed—currency paid by all banks on demand, and more money spent for public improvements in the last two years than during any similar period in her history.

The improvement in agricultural interests throughout this beautiful valley during the last year is most striking, while the development of mineral properties near by has kept our Furnaces in Full Blast.

Our business interests are now being conducted on a most conservative basis, and when prosperity sweeps over the country

Roanoke Will be Among the First to Start in the March of Progress.

Anyone having property for sale or rent, or desiring to purchase a home on easy terms, will find it to their advantage to call on us.

We guarantee strict business methods and protection to the interests of our patrons.

Very respectfully,

THE JAS. S. SIMMONS REAL ESTATE COMPANY.

NOTE.—Mr. W. I. Watts, for many years engaged in the real estate business, having associated himself with us, will be glad to see all of his old patrons in the future at the above address.
